ASAPcheck's Clean Card Consortium & Credential

The Clean Card is a drug & alcohol testing program consortium, and also provides the basis for a drug & alcohol testing, background check and training credential that is issued to workers and provides statuses of workers who have met specific safety requirements of employers and/or sites at which they work.

The Clean Card status is part of a credential for safety & security clearance to streamline access to the facilities of Owner Clients.

Commitment to quality

At ASAPcheck, our priority is YOU!
We are industry leaders in Employee Screening.

Drug and alcohol (D/A) testing and background screening programs that are DOT-compliant, and customized for your company or consortium.
